

FCAG-B / AZAS-M / ARXM-A *SkyAir* Active-series

# Compact Roundflow Cassette

360° air distribution with  
a discreet, stylish design

Exceptional comfort and flexibility for any commercial environment. Paired with the Sky Air Active-series, it offers outstanding value, advanced air filtration, and effortless installation. With intelligent control options, the widest choice of panel designs and whisper-quiet operation, it's the ideal solution for shops, offices, and modern workspaces demanding pure air and everyday efficiency.

### 360° all-round comfort

True 360° air discharge ensures even, draught-free temperatures throughout your space. Larger flaps and a unique swing pattern provide balanced comfort, ideal for shops and small businesses.

### Style for every interior

Match your aesthetic with the widest ever selection of decorative panels: designer options in white and black, and standard panels in white with grey accents or full white.

### Precise, adaptive airflow

Individual louvre control lets you direct air wherever needed, no repositioning required. The branch duct option supplies comfort to adjacent or irregular-shaped rooms.

### Intelligent, connected control

Optional sensors optimise settings for occupancy and floor temperature, increasing

comfort and energy savings. Direct BMS connection with no extra adapter required ensures simple system integration.

### Cleaner, healthier air

The optional Daikin UV Streamer kit tackles viruses, bacteria, dust, odours and allergens for safe, hygienic air. An optional fresh air intake further improves air quality in busy settings.

### Compact, flexible installation

At just 204mm high (size 71), this unit fits tight ceiling voids with ease. The built-in drain pump with 675mm lift allows for versatile, hassle-free placement and faster installations.

### Low maintenance, high efficiency

The automatic filter cleaning panel reduces maintenance and boosts efficiency. Choose standard or fine mesh filters to suit your environment.
